

FEMALE TROUBLES

New York's Most Successful Specialist in Woman's Diseases Says: "Nearly Every Case of So-Called Female Weakness and Painful Periods Is Due to Kidney or Bladder Disease of Some Form."

Not exactly sick. Just dull, listless, without energy, hope or ambition. Can't go about your work with the old-time vim and spirit. "Balls" under your feet. Head, turbed, digestion poor. Have headaches now and again and pains in back and loins. If a woman, your monthly visits are painful, delayed or suppressed, and you have either female ill. Sometimes you even faint. It's hard to go up stairs. You don't understand your condition, nor realize your danger. The plain, simple truth is that

IT'S YOUR KIDNEYS

Mrs. D. Morrow, Secretary N. Y. Society, London, Ont., Can., wrote: "Gentlemen—Two years ago I began to gradually lose my health. I became nervous and hysterical. I lost my appetite and it seemed impossible for me to obtain a good night's rest. I lost flesh, became emaciated, hollow eyed and suffered with frequent heart palpitations. My complexion became sallow and muddy, and I had a haggard expression. I felt as though life had lost its charm, and I did not care to live. Warner's Safe Cure changed all this. It came as a blessing to my home."

I felt better as soon as I started to use it, and within a month I was like another woman. New life, health and vigor returned to me, and I am now a happy and contented woman. My medicine did all this for me, and is certainly worthy of great praise."

Thousands of men and women have kidney disease and don't know it. You can tell by looking a little morning urine stand in a tumbler 24 hours. If it becomes cloudy, has a reddish-brown sediment, or particles float about in it, your kidneys are affected and you haven't a minute to lose. Get a bottle of Warner's Safe Cure at the nearest druggist's, and begin taking it as directed. It will cure you, and it's the only medicine that will without leaving bad after effects. 50c. and \$1 a bottle at all druggists.

ANALYSIS FREE. If after making this test you have any doubt as to the development of the disease in your system, send a sample of your urine to the medical department, Warner's Safe Cure Co., New York, N. Y., and our doctors will analyze it and send you an interesting medical booklet free. Beware of cheap, never-fail cures that contain narcotics. They injure the tissues and do not cure. Warner's Safe Cure is a safe, reliable, and effective remedy. Warner's Safe Cure, Medical booklet and doctor's advice free. Warner's Safe Cure Co., Rochester, N. Y. WARNER'S SAFE CURE moves the bowels gently and aids a speedy cure.

WILL NOT ALLOW MATTER TO REST

Gaines Determined to Press Inquiry into Question of Control of Coal Carriers.

NO ACTION AT THIS SESSION

Author of Resolution Will Await Action of Interstate Commerce Commission.

(From Our Regular Correspondent.)

WASHINGTON, Feb. 11.—While the question of the control of the three great coal carrying lines, the Norfolk and Western, the Chesapeake and Ohio and the Baltimore and Ohio, will not come up at this session, this does not mean that no further efforts will be made to ascertain through congressional action whether these lines are controlled by the Pennsylvania. Representative Joseph H. Gaines, of West Virginia, who is the author of a resolution offered at the last session, providing for an investigation by the Interstate Commerce Commission for the purpose of ascertaining the facts in the case, will not press it this year, but he said to-day he would not allow the matter to rest until some determination is reached.

The members of the Committee on Interstate and Foreign Commerce, to which the resolution was referred, are, several of them at least, including Chairman Jonathan P. Bland, of Maryland, who is the author of the resolution, and the Interstate Commerce Commission has the power to proceed of its own motion to ascertain the ownership and control of the roads, and are, therefore, opposed to congressional action. Mr. Gaines will not press the resolution now, but he will wait the movement of the commission until next year, at least.

What Gaines Said. In the course of his speech on the bill last Tuesday, which was the ablest, perhaps, made during the discussion of the bill, Mr. Gaines alluded to the question of the control of smaller lines by large railroads, having in mind the control of the three roads named by the Pennsylvania. He said:

"Most of us, I suppose, Mr. Chairman,

"I have taken your Bitters when my appetite was poor and my system weak. It gave good satisfaction."

F. A. Gamble, San Francisco, Cal., says:

"My health had been failing for several years when I was persuaded to try your Bitters. It cured me and I have gained considerable weight."

CONVALESCENTS FIND THE BITTERS SPLENDID FOR RESTORING STRENGTH.

No matter how long you have suffered from the effects of a weak stomach, inactive liver, constipated bowels or kidney troubles, you will find a sure relief in the celebrated

HOSTETTER'S STOMACH BITTERS.

Its 50 Years Success has been due to its ability to cure such ailments, and when hundreds of persons have voluntarily testified to its wonderful curative powers it is surely worthy of a fair trial by every sickly man or woman.

It always cures Poor Appetite, Bloating, Sour Stomach, Dizziness, Indigestion, Dyspepsia, Cramps, Backache, Colds, La Grippe and Malaria, Fever and Ague, Try It To-day.

J. L. Odell, Odell, W. Va., says:

"I have taken your Bitters when my appetite was poor and my system weak. It gave good satisfaction."

F. A. Gamble, San Francisco, Cal., says:

"My health had been failing for several years when I was persuaded to try your Bitters. It cured me and I have gained considerable weight."

RIGID CONTROL OF STEAM VESSELS

House Passes Bills Making Inspection Service Much More Thorough and Complete.

CAUSED BY SLOCUM DISASTER

Resolution Adopted Reinstating Naval Academy Cadets Dismissed for Hazing.

(By Associated Press.)

WASHINGTON, Feb. 11.—As an outgrowth of the investigation of the General Slocum disaster, the House to-day passed a number of bills called up by Mr. Grosvenor, chairman of the House Committee on Merchant Marine and Fisheries, amending the laws relating to the steamboat inspection service, and making far more rigid provision for the regulation and control of steam vessels. The amendments recommended by the Department of Commerce and Labor were sent to the House in the form of eight bills.

Six of these were reported favorably by the committee, and five of them passed to-day. Consideration of the bill providing for the altering of the salary schedule for inspectors was prevented by the objection of Mr. Sherley, of Kentucky.

Except for an effort by Mr. Livernash, of California, to amend the provision relating to complements of crews, there were no controversies over the measures.

The Provisions.

The bills amending the steamboat inspection service, as they passed the House, provide for an executive committee of the board of supervising inspectors, with power to amend the rules of the steamboat inspection service in the interim between the meetings of the full board, subject to the approval of the secretary of Commerce and Labor, make compulsory inspection once a year, whether applied for by masters or owners or not; exempt vessels out of commission, and make effective inspectors' condemnation of defective equipment; give inspectors power to stop a vessel by revocation of her certificate, and provide an adequate statutory penalty for persons manufacturing or selling defective lifesaving appliances, and fix the liability of a captain or owner who knowingly or recklessly permits a vessel to be in violation of the rules of the service.

They also provide for the repeal of the existing provision of law requiring a vessel to stop at a port of call, and give inspectors power to stop a vessel by revocation of her certificate, and provide an adequate statutory penalty for persons manufacturing or selling defective lifesaving appliances, and fix the liability of a captain or owner who knowingly or recklessly permits a vessel to be in violation of the rules of the service.

They also provide for the repeal of the existing provision of law requiring a vessel to stop at a port of call, and give inspectors power to stop a vessel by revocation of her certificate, and provide an adequate statutory penalty for persons manufacturing or selling defective lifesaving appliances, and fix the liability of a captain or owner who knowingly or recklessly permits a vessel to be in violation of the rules of the service.

They also provide for the repeal of the existing provision of law requiring a vessel to stop at a port of call, and give inspectors power to stop a vessel by revocation of her certificate, and provide an adequate statutory penalty for persons manufacturing or selling defective lifesaving appliances, and fix the liability of a captain or owner who knowingly or recklessly permits a vessel to be in violation of the rules of the service.

They also provide for the repeal of the existing provision of law requiring a vessel to stop at a port of call, and give inspectors power to stop a vessel by revocation of her certificate, and provide an adequate statutory penalty for persons manufacturing or selling defective lifesaving appliances, and fix the liability of a captain or owner who knowingly or recklessly permits a vessel to be in violation of the rules of the service.

One Home in Five

Has Someone Cured by Liquezone. Won't You Try It—Free?

We judge from our records that one home in five, the country over, has someone who has been cured of little ills, some know that their lives have been saved by it.

These homes are scattered everywhere. Your neighbors and friends live in some of them. If you will only ask about Liquezone there are plenty to tell you about it. It is wrong to stay sick with a germ disease while millions know that Liquezone can cure it.

And any sick one, anywhere, may try it at our expense. We will gladly buy a bottle—a 50c. bottle—and give it to any sick one free. You don't need to rely on those who were cured by it. You may test it without a penny of cost, for yourself.

Won't you—for your own sake—do one or the other? Won't you let your friends tell you how it cured them, and how it constantly keeps them well? Or won't you let us buy you a bottle and see what it does for you?

What Liquezone Is. Liquezone is a product which in the past two years has sprung into worldwide use in the treatment of germ diseases. It is now used by the sick of millions, by physicians and hospitals everywhere. It is constantly used in millions of homes in America.

The virtues of Liquezone are derived solely from gas, made in large part from the best oxygen produced in the world, and alcohol. This gas enters into the blood stream, and is constantly used in millions of homes in America.

The process of making takes 14 days, and requires immense apparatus. At the end of two weeks we get one cubic inch of Liquezone for each 1,250 cubic inches of gas used. The attainment of this product has, for more than 20 years, been the constant subject of scientific and chemical research.

The main result is, to get into a liquid, and thus into the blood, a powerful, yet harmless germicide, and the product is so helpful—so good for you under any condition—that even a well person feels its instant benefit.

We Paid \$100,000 For the American rights to Liquezone, and the rights in other countries have sold for proportionate sums. We mention this fact to indicate the value of Liquezone—the value to you. Men have never before paid such a price for any discovery used in the cure of sickness.

We need not tell you that we proved Liquezone well before buying it. For years it was tested through physicians and hospitals, in this country and others. It was employed in every stage of every germ disease; in all the most difficult cases considered incurable, we proved that it did what medicine could not do. Then, and then only, did we pay the price.

Since then we have spent nearly \$2,000,000 to make Liquezone known. We have bought the first bottle and given it free to every sick one we learned of. These people told others, and the others told others. The result is that Liquezone is now more widely employed than any medicine ever was. And no one can deny that it is doing more for sick humanity than all the drugs in use combined.

How Liquezone Cures. The greatest value of Liquezone lies in the fact that it kills germs in the body without killing the tissues, too. And no one knows another way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. For that reason, medicine is almost helpless in any germ disease.

Liquezone is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. Yet it is not only harmless but of wonderful benefit—better than anything else in the world for you. No one is so weak that he cannot be helped by it.

The reason is that germs are vegetables; and Liquezone—like an excess of oxygen—

is deadly to vegetable matter. To the human body Liquezone is exhilarating, vitalizing, purifying—the most helpful, the most helpful thing possible. But to germs it is certain destruction; and these facts are true of nothing else in existence.

Germ Diseases. These are the known germ diseases; all due to germs or to the poisons which germs create. These are the diseases to which medicine does not apply, for drugs cannot kill inside germs.

All that medicine can do for these troubles is to act as a tonic, aiding Nature to overcome the germs. But those troubles are indirect and uncertain, depending on the patient's condition. A cure is always doubtful when drugs are used, and some of these diseases medicine never cures.

Liquezone alone can destroy the cause of these troubles. It goes wherever the blood goes, so that no germ can escape it. The results are almost inevitable. Diseases which have resisted medicine for years yield at once to Liquezone. "Incurable" diseases are cured by it. In the results are so certain that we will gladly send to any patient who asks it an absolute guaranty.

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquezone acts as a vitality, accomplishing what no drugs can do.

50c. Bottle Free. If you need Liquezone and have never used it, please send us the coupon below. We will then send you an order on a local druggist for a full-sized bottle—a 50c. bottle—and will pay the druggist ourselves for it. This applies only to the first bottle of course—to those who have never used it.

The acceptance of this offer places you under no obligations. We simply wish to convince you to let the product itself show you what it can do. Then you can judge by results as to whether you wish to continue.

This offer itself should convince you that Liquezone does as we claim. We would certainly not buy a bottle and give it to you, if there was any doubt of result. You want (use results); you want to be well and to keep well. Then be fair enough to yourself to accept our offer to-day. Let us show you, at our expense, what this wonderful product means to you.

Liquezone cost 50c. and 50c.

CUT OUT THIS COUPON for this offer may not appear again. Fill out the blank and mail it to The Liquezone Company, 438 4th Wabash Ave., Chicago.

My disease is _____, but if you will supply me a 50c. bottle free I will take it.
